Cleaning & Hygiene *M*aterials

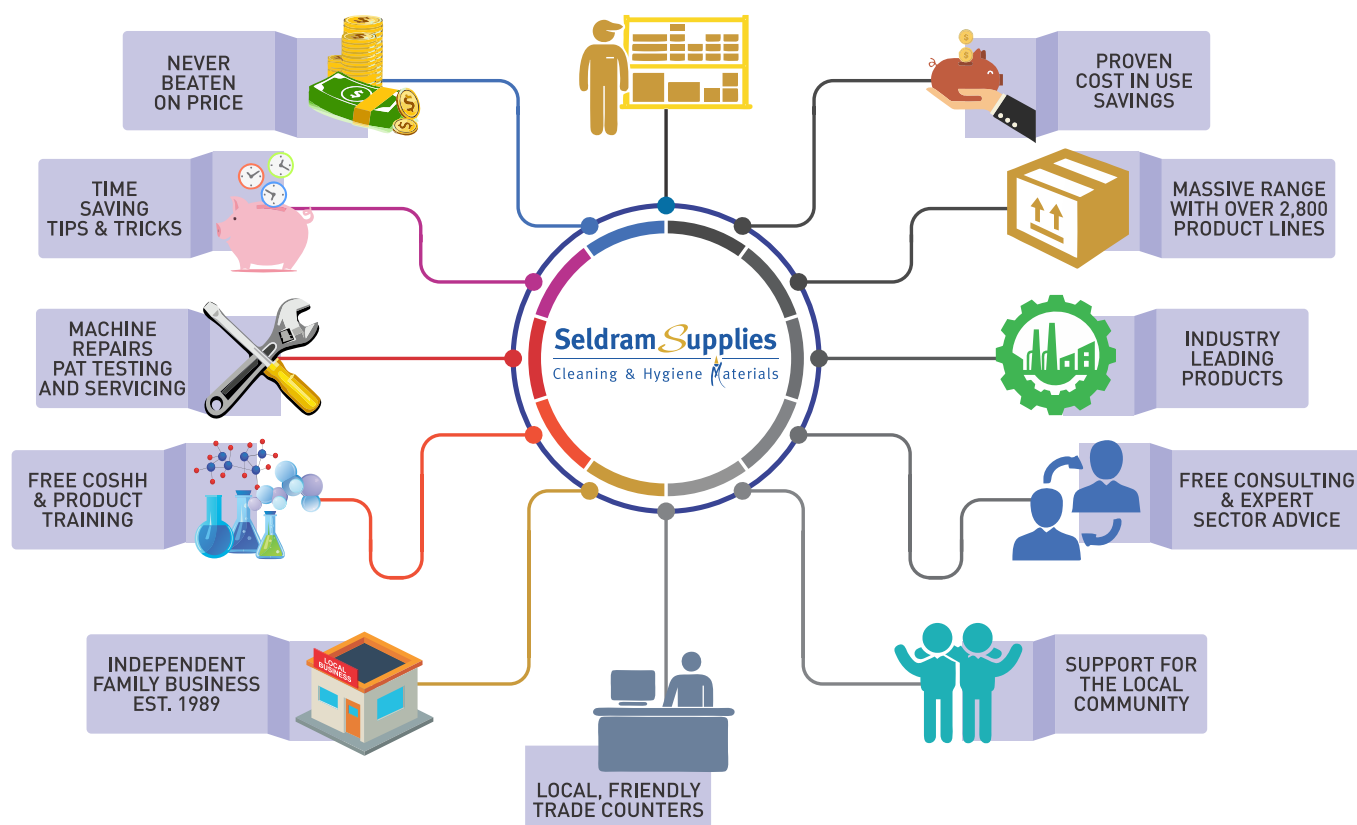

General Cleaning Catalogue

HELLO!

THANK YOU for giving us this opportunity to tell you what we can do for **YOU!**

Seldram Supplies is a family run group of growing independent businesses which has been trading since 1978. We are passionate about serving the local community and we source and supply over 2,800 leading lines of Janitorial, Cleaning, Hygiene and Catering products from the industry's leading manufacturers.

We strongly believe in localism – in supporting and trading with local businesses for the benefit of the local community. We hope you will support us creating worthwhile opportunities which help local people and communities.

Our customers are impressed by: the quality of our products; the savings we create; the free next day delivery service we provide and our expert advice. We consistently deliver lower cost in use solutions with improved results which leaves the cleaners, client and bill payer extremely happy. In simple terms our business success is built upon:

"Great products, great service, all at sensible prices!"

Don't just take our word for it...here's a little proof:

Although most people don't like to scrub, scour, and mop, I think we can all agree that cleaning is important, especially when it comes to washrooms. Not only is a clean and sanitised washroom important for our comfort and peace of mind, but it also helps us stay healthy. Ideally, washrooms should be cleaned as regularly as possible.

If you are unsure as to how to clean and sanitise your washroom properly, then do not hesitate to contact us. We have the knowledge and products to ensure that your bathroom is properly cleaned, sanitised, and ready to go.

Call us and request a copy of our Washroom Cleaning Guide.

TOP TIP

Daily and periodic deep cleaning products are essential in order to keep washrooms hygienic and fresh.

Cleanliness is a vital part of any catering business, and never more so than in the kitchen. Only by following commercial kitchen cleaning procedures can you maintain the highest level of hygiene.

In any commercial kitchen, canteen or catering environment, grease and dirt naturally build up over time, covering surfaces and cooking equipment. This not only presents health risks but can be a fire hazard too. Save yourself time and effort in cleaning practices by starting out with premium commercial kitchen cleaning supplies.

Need help? Call us and request a copy of our Kitchen Cleaning Guide. ●

TOP TIP

The best approach to a big job is to divide it into smaller, more manageable tasks.
